DISPATCHES TO THE OREGONIAN.

EASTERN DATES TO OCTOBER 17.

EASTERN STATES.

The South Carolina Election.

COLUMBUS, S. C., Oct. 17.—The Moses ticket is undoubtedly elected. Ransier, Elliott and Rainey, colored Republicans, and B F. Perry, Democrat, are elected to Congress. The Bolters polled a strong vote. The Democrats elected several Representatives to the Legislature.

Masonic News.

COLUMBUS, O., Oct. 17.—The Masonic Grand Lodge adjourned to day, after the installation of Grand officers. A petition of colored Masons of Columbus for equal recognition with their white brethren was presented, but was not considered for want of time.

The Cornerers to be Cornered—Trade with Canada

NEW YORK, Oct. 17—The National Board of Trade to day, after an animated discussion, adopted a report of a special committee condemning the system of cornering markets and calling on banks to discourage loans to parties so engaged.

The committee which conferred with the Canadian delegates, reported a resolution that the Executive Council should memorialize Congress for an appropriation for a commission to act in conjunction with the State Department in negotiating a treaty with Great Britain for reciprocal trade with Canada on a liberal basis, which shall also include the enlargement of Canadian canals by the Government of Canada, and the right of American vessels to navigate said canals on the same conditions as Canadian vessels. The resolution was made the order of the day for to morrow and the Board adjourned.

Sale of a Newspaper.

ST. LOUIS, Oct. 17—A two thirds interest in the *Evening Dispatch* has been sold by W. H. McHenry to Robert Barclay for $80,000. W. H. Barclay, of Pittsburg, assumes the business management.

Railroad News.

PARSONS, Kansas, Oct. 17.—The Missouri, Kansas, Texas, Pacific Railroad will be pushed to Dennison, Texas, vigorously. There are four hundred houses already there.

A Move to Relieve the Money Market.

PHILADELPHIA, Oct 17—At an informal meeting of the Chamber of Commerce the following resolution was adopted:

Resolved, That a meeting of merchants and bankers be held on the 21st instant in the Chamber of Commerce to consider the expediency of petitioning Secretary Boutwell to relieve the money market by purchasing $44,000,000 of the interest bearing debt with a like amount of legal tenders retired by Secretary Boutwell.

WASHINGTON CITY.

Attorney General Williams will not Retire.

WASHINGTON, Oct. 17.—Attorney General Williams authorizes an authentic denial of the statement that he intends to retire from the Cabinet after the Presidential election. His withdrawal from the Oregon Senatorial contest was for the purpose of remaining in his present position. It should be stated on equally good authority that Col. Bristow, Solicitor General, has no ambition to be Williams' successor, it being known that he will soon retire from that office and engage in other pursuits.

Improper Conduct at the Naval Academy.

WASHINGTON, Oct. 17.—No reports, official or personal, have been received at the Navy Department of improper conduct on the part of white cadets at the Naval Academy towards colored cadets, as recently published in an Annapolis letter. In the absence of any official advices on the subject, the Department does not believe that the alleged misconduct occurred.

LATER.—A telegram from an officer of high standing at Annapolis, says that the story of maltreatment to colored cadet midshipman Conyers, is false in every particular.

BY ATLANTIC CABLE.

From London.

LONDON, Oct. 17.—At the railroad accident at Kalavendon, to day, ten cars went over the embankment. The train was badly wrecked but only one passenger, a lady, was killed outright, and twenty three were injured, of whom two or three may die.

Postal Treaty.

PARIS, Oct. 17.—The postal treaty between France and the United States reducing rates nearly one half has been approved by the State Departments of the two countries and submitted to the French Minister of Finance, who will consider the pecuniary features of the treaty, and from whom a favorable report is expected. After that an early exchange of ratifications is expected.

The Revolt in Ferral Ended.

MADRID, Oct. 17.—The end of the revolt in Ferral is officially announced. Insurgents fearing the result of an attack began to disperse during the night which was dark and stormy. Some took refuge on board vessels they had seized and sailed for Sejo. About one hundred were captured. The Government forces this morning entered the arsenal, meeting with no resistance. Four hundred insurgents remained within walls, all of whom were captured.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Oct. 17.—The Colorado Railroad Company publishes a card this evening stating that it has retired from the field at present. It will not attempt to obtain the $10,000,000 subsidy at the ensuing election, believing that at present the people are opposed to the proposed measure.

About dark the British ship *Aculeo* (iron), 100 days from Liverpool, went ashore 20 miles south of the heads, and is a total loss. She is loaded with a general cargo of merchandise, and was chartered to load here with wheat. As the weather was thick outside all day it is presumed the captain lost his bearings in the fog.

There are two theories among horsemen to account for the miserable time made yesterday. One is that a discharged stable keeper drugged Occident for revenge, and the other is that his driver had invested heavily in time pools, which sold at the rate of about 1 to 15 for low time, consequently jockeying and worrying resulted in order to win pools without reference to time or the result.

Most of the Northern Pacific Railroad party left for their Eastern homes this morning.

NEVADA.

Fire in a Railroad Tunnel.

VIRGINIA, Oct 17—This morning the passenger train coming from Reno the American Flat tunnel was discovered to be on fire. The engineer not being able to stop, put on all steam and ran through the burning timbers without damage, taking the train to Gold Hill. The engineer returned to the tunnel with the Gold Hill Fire Department. The fire made such progress that it reached within 100 feet of the south end, having commenced at the north end. By this time the timbers were burned out, and the tunnel caved in in a number of places, so as to effectually stop all trains. They will possibly save about 100 feet on the south end. A. J. Ralston and Superintendent Yerrington are both on the ground with a party of engineers and a large force of men and carts to commence clearing out the debris as soon as the fire admits. They have already run a survey for a temporary track around the hill and commenced getting timbers for the tunnel. In the meantime passengers will be transferred, but freight will be stopped. The Superintendent says he will be able to open the road in two days at the farthest.

About 12 o'clock last night the roof of the Chollar hoisting works caught fire from sparks from the smoke stack. By the energetic use of the Company's hose, it was extinguished with little damage.

Fight among Miners.

PIOCHE, Nev., Oct. 16.—A reported fight took place this morning between a number of miners of the Raymond, Ely and Kentucky Companies, during which several shots were fired. So far as known, no one was hurt.

Bullion shipments by Wells, Fargo & Co during the past three days amount to the sum of $105,952 57.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO OCTOBER 18.

EASTERN STATES.

Ferreting Them Out.

NEW YORK, Oct. 18—The new indictment of Tweed and others is supposed to have been obtained as a safeguard in case the other indictments don't hold good, and in order to force Tweed to trial. Garvey's plastering bills were offered in evidence before the grand jury, in connection with the cases of many ring adherents, and it is understood that scores of men whose purses were fattened at the public expense, will be proceeded against.

Smuggling.

NEWPORT, R. I., Oct. 18.—Officers of the Revenue seized a large quantity of cigars, smuggled from Havana by the schooner *Pioneer*—not the Cuban schooner *Pioneer*, of a New London company. It appears that a systematic course of smuggling has been going on for some time.

The Criminal Escaped.

NEW YORK, Oct. 18—The Deputy Sheriff this noon announced his inability to find William Tweed after searching all night. A friend of Tweed's stated at the Sheriff's office to day that he had gone out of the city on business, and would appear with bail to day to answer to the charge against him.

The National Board of Trade.

NEW YORK, Oct. 18.—The National Board of Trade this forenoon are discussing the reciprocity treaty with Canada.

Burial of Minister Nelson's Wife.

Hon. Theo. H. Nelson, U. S. Minister to Mexico, left this city for Terre Haute, Indiana, with the remains of his wife for burial.

Death of Bishop O'Conner.

NEW YORK, Oct. 17.—At Prospect Park to day the double team race was won by Honest Allen and George Wilkes, beating Plimpton and Darkness, in 2:42, 2:43½, 2:42¼.

WASHINGTON CITY.

WASHINGTON, Oct. 18.—Another Cuban expedition is being fitted out on an extensive scale, under the auspices of the so-called General Jordan, who himself gives information of the project, but it is stated that prominent Cuban patriots place no confidence in him.

Removals and Appointments.

WASHINGTON, Oct. 18—The President to-day appointed Ex-Governor Lucius Fairfield Consul to Liverpool, vice Thomas A. Dudley, resigned. Henry G. Struve, of Washington Territory, Secretary to that Territory, and William Pond, U. S. Attorney for Dakotah.

Commander Lullus is ordered to the command of the Nicaragua exploring expedition in the place of Commander Hatfield.

The Secretary of the Treasury has not yet commenced the preparation of his report on finances, nor has he intimated to any person whomsoever what recommendations he intends to make.

CANADA.

TORONTO, Oct. 18.—The epidemic among horses, now extended throughout the Dominion, seriously interrupts the business of the country. The street cars of Montreal have stopped running, and more than 300 of their horses are sick. Farmers are unable to bring grain to market. The disease is very seldom fatal, but recovery is slow.

WEST INDIES.

HAVANA, Oct. 17.—A decree has been issued creating new and increasing old taxes to meet deficiency of the budget and to provide for future war expenses. It establishes a tax of $24 on every slave hired out, doubles the present export duties and taxes on real estate, and increases the tax on imported goods twenty-five per cent. It takes effect January 1st, 1873.

Alexander Delro, an apothecary, has been convicted of treason and sentenced to be executed.

BY ATLANTIC CABLE.

From London.

LONDON, Oct. 18.—Severe storms to day damaged the telegraph wires.

A Berlin (Germany) dispatch says the rough reports of the juries and Council on the San Juan boundary are ready. It is possible the decision of Emperor William will be delivered soon.

MONTANA.

Murder—Road Agents.

HELENA, Oct. 17.—Jas. G. Kellough was shot in the head last night near Gallatin City, Montana, by John N. Linsley, in a quarrel about a farm.

The stage going south was stopped at 8 o'clock last night three miles north of Pleasant Valley, by two road agents, and $7,000 taken from the passengers. No express treasure on board.

UTAH.

Young Villains.

SALT LAKE, Oct. 18.—Neilson and Hurdey, two boys, were found guilty of manslaughter in the second degree at Ogden for the rape and murder of a little girl in Hooper City last summer and sentenced to the Penitentiary for twenty years.

Mormons going to Palestine.

Geo. A. Smith, one of the Presidents, also Prophet, Seer and Revelator, with a party, have started on a religious pilgrimage to Palestine and the Holy City to prove the connection of the Mormons and lost tribes.

Important Lawsuit.

The Emma vs. Elleston trial will take place next Monday. The case is to be severely fought by a great crowd of lawyers. Much interest is manifested.

Rev McLeod is lecturing on Mormonism to great crowds.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Oct. 18—There are twenty vessels from Eastern domestic ports, for this port, that have been out over 110 days, and twenty-three from European ports.

Very little more has been learned of the wreck of the British ship *Aculeo*, which lies over twenty-five miles from the city. Her cargo is valued at $150,000, among which were 200,000 grain sacks, 100 tons pig iron, and 150 tons coal. The ship was 1750 tons register. The last heard of her crew they were at sea in boats, without water or food, and unable to effect a landing in the fog. The captain and four men, in a small boat, got ashore near Seal Rock House last night. The ship struck a reef, sprung a leak, and soon filled and sunk.

The crew of the wrecked British ship *Aculeo* got safe ashore at Half Moon Bay. Most of the cargo can be saved if the weather continues fine.

The *Prince Alfred* is coming in from Victoria.

SAN FRANCISCO, Oct. 18.—John Nugent has been placed upon the straight out Democratic electoral ticket, in place of Jackson Temple, whose business is such as to compel him to decline, though he heartily endorses the movement.

Capt. Bob Waterman, agent of Lloyd's, went to the scene of the wreck, this afternoon, with a tug, to render assistance. As the steamer from Salinas passed the wreck this afternoon, it was noticed that the sea was making a clean breast over the stranded vessel.

The Board of State Harbor Commissioners has awarded to Boobar & Co. the contract for repairing the wharves along the city front. The accepted bid was $30 per 1,000 feet for planks and stringers measured in the work, and fifty cents per lineal foot for piles. The Board has under consideration the proposition to advertise for proposals to complete the work on the sea wall.

The earnings of the Central Pacific Railroad for September were $1,332,220, against 996,000 for the same month last year, and 787,000 for the same month in 1870. For the first nine months of the year its earnings were $9,804,428, against $6,916,500 for the same time last year, and $5,505,000 for the same time in 1870

SAN FRANCISCO, Oct 18.—The U. S Government has refunded $9,000 collected from the Japanese ship *Fuyo Marie* as alien tonnage tax, and ten per cent. *ad valorem* on the cargo. The reason for refunding the money was that the taxes were in contravention of treaties with Japan.

The steamer *Prince Alfred* from Victoria brought $43,372, coin and dust. The British bark *Loyd Sam* from Valparaiso is coming in. U. S. Steamer sailed to day for New York. Nothing further from the wreck, except that a portion of the crew was upon her when last seen. The tug boat has not yet returned.

House.

MORNING SESSION.

The House met at the hour agreed upon and was opened by prayer by Rev. Mr Waller of Salem.

The reading of the Journal was dispensed with, no mistakes having appeared therein for five weeks.

Mr Crooks introduced J. R. authorizing the Governor to make contract with Dr. Carpenter to keep the insane of the State at a compensation of $4 25 per week for the next four years.

Mr. Langell thought it would be doing the present physician great injustice. He had visited the Asylum and thought it better kept than any like institution that he had ever seen

Mr Patton said it was not the intention to relieve the present incumbent of his position, but the contract of Dr Hawthorne had nearly expired, and he thought it no more than humane to provide for these unfortunate people.

Mr. Simpson could not support the measure, and felt compelled to move to lay it on the table.

The motion was lost.

Mr. Congle moved to amend by striking out the words, "Dr. Carpenter" and "$4 25 per week," and introducing a clause authorizing the Governor to make the best contract possible.

The amendment was laid on the table, thereby taking the whole subject with it.

Mr. Clow moved to reconsider the vote by which the bill authorizing county sinking funds had passed.

Mr Mallory explained that this bill did not authorize any tax to be levied. It did not increase the power of County Commissioners, but authorized them to loan out at interest such funds, and that Commissioners already have a right to levy a tax.

Mr Congle had not understood the bill in this way before, but would support it now.

Mr. Engle knew that it was a put up job in order to levy a tax to build a bridge across the Wallamet river at Salem.

A call of the House was ordered and absentees brought in.

The motion to reconsider prevailed.

The bill was then read a third time and passed by a vote of 32 to 18.

The rules were suspended to allow Mr. Langell to offer

Resolved, That the two Houses adjourn Saturday at 12 midnight.

Mr. Burbank moved to lay the resolution on the table, which was lost.

Mr. Congle moved to strike out "Saturday at 12 M," etc., and insert "Wednesday."

This motion and resolution called out a long discussion in which it was held by Messrs. Mallory, Martin and others, that the object of this resolution was to block legislation, and thereby indirectly defeat measures now before the House, which was as forcibly denied by Messrs. Congle, Langell and others.

The amendment was carried.

Mr. LaDow moved to lay upon the table, on which

The yeas and nays were call, resulting—ayes, 22; noes, 25.

So the resolution was not tabled.

Mr. Onstein moved further to strike out "Wednesday" and insert "Monday."

Lost on a tie vote—23 to 23.

Mr Patton moved to substitute to-night (Friday) at 12 M. The Senate were in a dead lock and he thought this measure would "take the kinks out of them."

Mr. Patton's amendment was lost.

Mr. Hirsch moved to lay the whole matter on the table, on which the ayes and noes were called with the following result—ayes 26, noes 22. So the motion prevailed.

Mr. Harrison moved to reconsider the vote by which H B, No. 52—transferring twenty five per cent. of the proceeds of swamp and other lands to school fund—was lost, for want of a constitutional majority.

Carried and ordered at proper time.

Mr. Gingles moved to suspend the rules and call reports of committees in their order, which motion prevailed.

The Committee on Ways and Means reported several bills to the House.

Several amendments were adopted to Mr. Simpson's Yaquina Bay and Wallamet Valley Railroad bill.

Mr. Simpson moved to put the bill on its third reading immediately.

This motion was argued, pro and con, for three quarters of an hour. Several members who advocated the bill said that they could not support it as it stood.

Mr Simpson thought the object of those opposing the third reading was in order to smother the bill, as if delayed it could not find its way before the House. He charged Mr. Patton with opposing any attempt to provide means of transporting freight through any but one channel

Mr. Patton hurled back the imputation of the gentleman from Benton.

Mr. Burbank moved the previous question, which was seconded by a majority, but the House adjourned before the previous question came up.

AFTERNOON SESSION.

The House met at the usual hour.

The previous question, which was pending at the time of adjournment, was put and carried.

The main question before the House was, Shall the bill be placed on third reading? Carried.

Yaquina Bay and Corvallis are to be the termini of a railroad. One-fourth of all swamp lands and one-fourth of the tide lands, with the right of way, are granted to said railroad, who are authorized to issue bonds to the amount of $20,000 per mile. The Company are to commence work within twelve months, and complete the road within three years thereafter. Referred to the Committee for amendments

The Committee of Ways and Means also recommended the passage of the bill to aid Oregon Children's Aid Society, and appropriating $3000 therefor; which was read third time and passed by a vote of 42 to 3, Messrs. Blakely, Crooks and Shelton voting no.

Mr. Langell offered a J. R. to go into Joint convention on Friday evening, for the purpose of electing officers to be elected in joint convention. Carried, Messrs. LaDow and Andrews voting no.

The Committee on Ways and Means reported a bill providing for a Board of Equalization with amendments, which were adopted, and the bill ordered for third reading to-morrow.

The same committee reported a bill relative to the assessment of taxes, and a bill providing for Code Commissioners, with amendments, which were adopted. The bills were laid on the table to take their regular order.

Mr. Cooper offered a resolution limiting each speaker to three minutes. Adopted.

The bill for the education of the blind was put on the third reading and passed unanimously.

The Committee on Judiciary reported back the bill providing for the purchase of 250 copies of the Reports of the 6th volume. Ordered on third reading, and on motion of Mr. Caples, passed. Messrs. Blakely and Harrison voted no.

Yaquina Bay railroad bill was again reported, with an amendment that if a particle of one year over the time occurred the lands should revert back to the State.

Mr Gingles thought this a measure to cheapen the transportation of freight as it connected the heart of Wallmet valley with the ocean. The vote stood as follows, ayes 30, noes 17.

Mr. Gingles moved to reconsider the vote just taken, which motion Mr. Simpson moved to lay on the table. Mr. Simpson's motion prevailed.

The Judiciary Committee reported a bill fixing the tariff on railroads and steamboats, recommending that the bill do not pass.

Mr. Clow moved to put the bill on the third reading, which motion with the bill Mr. Simpson moved to lay on the table. Ayes and noes being called, resulted, ayes 17, noes 26. The bill was put on the third reading. The charges provided were not to exceed five cents per mile for passengers and six cents per mile for every ton of freight.

A call of the House was ordered to bring in absentees.

It was the opinion of Mr. Caples and Mr. Mallory that the bill in the shape as it stood was not constitutional and was insufficient to meet the exigencies of the case

Mr. Stephenson, in reply to the remarks made, stated that the bill was not aimed against any Railroad Company, but against the corporation monopoly on the Columbia river, whose charges per ton were ostensibly $15, but actually near $40. He denied that corporations had rights superior to those vested in Legislative Assemblies.

Mr Burbank thought that, whether constitutional or not, that this bill should at least have the opinion, and if unconstitutional, let the Courts decide thereon

Mr Andrews felt extremely interested in the bill, as it cost $120 per ton to get freight to his part of the country. He, too, thought the Courts the right place to determine its legality.

Mr. Caples said the bill could not possibly affect either of the railroads existing in the State at present, as they had their charters already, but it would affect common carriers who should incorporate hereafter.

The vote stood, ayes, 16, noes, 25, and the bill failed to pass

The Committee on Judiciary also reported back the bill fixing the time of holding Supreme and Circuit Courts, which they recommended amended by certain changes of dates, which amendment was adopted The bill was placed on its third reading, and passed unanimously.

The same Committee reported S. B 60, recommending the passage thereof. The bill defined the boundaries of Grant county and passed unanimously.

The Judiciary Committee also reported S B No 41, for the relief of Baker county, remitting $11,030 from the county as China taxes.

Mr. Onstein stated that not one cent of the tax had ever been collected.

The bill was put on its third reading and passed—31 to 11.

The Committee on Claims presented a report providing for the payment of the expenses of witnesses, etc, in the Clackamas county contested case. Adopted.

The bill to relieve George Abernethy in the sum of $2 988, due him on back salary as Governor, was put on its third reading. Mr. Caples stated an account of the claims, and would vouch for its justness.

Mr. Simpson was glad to have the honor of paying this tribute to an esteemed citizen.

The bill passed by a vote of 30 to 4.

The same committee reported a bill for the relief of Curry county, remitting $900 due from the county for delinquent taxes due the State.

The bill was read third time and passed—31 to 11.

The Committee on Roads and Highways reported back the bill amending the General Laws relative to the width of roads. Put up for disposition and passed unanimously.

The same committee reported a bill to improve the State road between Wilbur and Roseburg, which was ordered to third reading to-morrow.

The bill amending the General Laws relative to the alteration and vacation of county roads, was read third time and passed.

The committee also reported a bill to construct a road from Summerville, intersecting the [illegible] road in the Blue mountains. Appropriation amended from $10,000 to $6,000. Also amended by designation of lands granted therefor. Ordered to third reading to-morrow.

The same committee reported H B relative to the opening of roads, recommending that it do not pass.

The bill in reference to the election of Precinct Road Supervisors, with a salary of $3 per day for actual service, was read third time and passed—23 to 15.

The Committee on Public Lands reported the bill in regard to Register of Land Office at LaGrande, with amendments, which were adopted by the House. The bill was put on its third reading and passed unanimously.

The Committee on Public Lands submitted a report that the books and accounts of the Board of Commissioners of Public Lands, stating that the committee had examined and found the same correctly and accurately kept.

The committee also offered J. R. authorizing the purchase of two fire-proof safes, which report was referred to a committee with instructions to report at liberty.

Adjourned.

EVENING SESSION.

The House met as agreed upon. Quorum present.

Mr. Wright rose to a point of order and stated that the motion to adjourn was not definite, and therefore would be in effect till to-morrow. Ruled out of order by the Speaker.

Mr. Patton and others protested against the passage of H. B. No 77, which, being at that time out of order, was laid on the table temporarily.

The House adopted Hirsch's resolution authorizing the purchase of two safes for the use of the Commissioners of Public Lands.

On motion of Mr. Burbank a recess of five minutes was taken to prepare for a joint convention, which was called by order of the Speaker.

Mr. Mallory, 45 members, 35 Representatives and 10 Senators were present.

Mr. Caples moved a call of the House, which the Speaker ruled out of order.

Mr. LaDow thought that as a majority of the Senate was absent the Convention was illegal. He therefore protested.

Mr. Simpson replied that there was a majority of the joint body present, and therefore was legal and would be so called in Courts. He would deny any attempt to crush Democratic nominees.

Mr. Onstein did not recognize this as a Joint Convention. The President of the Senate, who was presiding officer in Joint Convention was absent, as was a majority of the Senate. He would have nothing to do with the so styled Convention

Mr. Barin entered a protest against the conduct of certain members of both houses.

Mr. Burbank offered a resolution designating the officers to be elected and order of business.

Mr. LaDow entered his protest against doing business in the present Convention.

Mr. Cornelius could not see the misconduct, and insisted on proceeding.

Mr. Crooks would also enter his protest.

Mr. Mallory said he thought the Senate and House passed a resolution to go into joint convention, and neither House had rescinded this order. He held that when the Senate adjourned until 9 o'clock to-morrow, that the joint resolution was still binding and not affected by such adjournment. It was not held to be illegal because the President of the Senate was absent. He presided over a joint convention only by courtesy, which recognized the Senate as superior to the House. To the argument that a two-thirds majority of the Senate was not present, he would say that it did not require a two-thirds vote of the House to transact business before the convention; therefore he would insist on the joint convention proceeding.

Mr. LaDow called attention to a provision in the Constitution requiring a two-third's vote of each House should be necessary.

Mr. Mallory replied that that provision did not affect the joint convention.

Mr. Simpson moved adjournment to 11 o'clock to-morrow.

Mr. Dolph held that this was a legal convention, and saw many difficulties if the convention took this course, and hoped Mr. Simpson would withdraw his motion.

Mr. Clow objected.

The convention by a vote allowed Mr. Simpson to withdraw his motion.

At this point the Democratic members began to leave the hall, when Mr. Cornelius moved a call of the convention, and demanded that the doors be closed.

President Mallory ruled that there was no provision for such a claim.

Mr. Gingles moved to adjourn.

Mr. Dolph protested.

Mr. Burbank thought that to adjourn till to-morrow would obviate all difficulties under which we labored.

Mr. Dolph feared that if the Convention adjourned the Senate would pass a resolution refusing to go into Convention.

The motion to adjourn was lost.

Mr. Simpson had learned that the Senate would agree to go into Convention, and moved to adjourn until to-morrow at 1 o'clock. Lost.

Mr. Burbank's motion was then adopted.

The question being in order for State School Superintendent,

Mr. Patton nominated Rev. P. S. Knight.

Mr. Collier demanded a roll-call to see if a quorum was present,

Mr. Burbank nominated Prof. L. J. Powell.

Mr. Caples moved to adjourn, saying that he had learned that the Senate would be willing to meet to-morrow.

Mr Dolph rose to a point of order, on the ground that the same motion had been lost a moment before.

Overruled by the Chair.

The motion prevailed by a vote of 23 to 22.

As the vote was announced,

Mr. Dolph exclaimed, "If you want any more farces, act them yourself!"

The House proceeded to the transaction of business.

A call of the House was ordered and the Sergeant-at-Arms dispatched to arrest absentees. As each absent member appeared and was arraigned before the House, he was met by roars of laughter, which the Speaker was unable to suppress.

On motion the House adjourned, the members in arrest being ordered to appear before the bar as the House was called to order to morrow. [Long and intense laughter.]

"True as Steel."

The *N. Y. Tribune* of the 5th instant published the following extract from a private letter, which it said was written by "one of the best informed Liberal Republicans in Ohio":

> Everything looks propitious. If the Democratic vote stands squarely up to the State ticket, we are sure of victory. Thus far I see no disposition to flinch, and I think you may look for good news. Our Liberal Republicans are as true as steel, and we will sling 20,000 votes upon the State ticket.

This prediction was made just three days before the election.

"If the Democratic vote stands squarely up to the State ticket." There's the rub. The Democrats in the rank and file of the party have not been able to see why they should be expected to "stand squarely up," for the purpose of bringing about the final consummation and triumph of that most colossal swindle by which their votes were bargained away to Greeley and the little band of apostates from the Republican party who have attached themselves to his fortunes. There is an apathy in the Democratic party, that cannot be overcome by all the efforts of its party leaders. There is an honest substratum in the average human nature of which the body of the party is composed, that the politicians cannot disregard with impunity.

Equally at fault was the notion of this "best informed Liberal Republican," that the Greeley cause had any considerable strength in the Republican party. That party is composed of men who cannot be hoodwinked by their leaders into the sacrifice of their principles. Not all the philipics of Hon. Charles Sumner, aided by the slanders of the Greeley-Tammany ring, can turn away the affections of the masses of the Republican party from the organization through which the greatest triumphs of humanity in this age have been achieved, nor shake their confidence in that leader who, as Horace Greeley said a little while ago, "never has been beaten and never will." The "Liberal Republicans in Ohio" may have been "true as steel," but the trouble was, there were not a corporal's guard of them.

The 20,000 majority for the Greeley combination, predicted by this "best-informed Liberal Republican," is nearly 20,000 still, but it has the minus sign before it. He missed his calculation by only about 35,000 votes. It may be safely assumed, that on the 5th of November, Ohio will give Grant a majority twice as large as that which she gave Wikoff on the 8th of October.

Appropriations for Wagon Roads.

We notice various wagon road bills before the Legislature. Some doubtless meritorious and some, we fear, not so! With such as are really needed and meritorious, we have no fault to find. The following bills have been considered, and we believe have passed one or both houses: For a road in Jackson county, appropriating $15,000. For a road leading to Tillamook, appropriating $10,000. For the construction of the Oregon and Winnemucca road. $10,000, for these three, $35,000. For how many others we don't know. These may all be proper. Whether there is any provision for keeping these roads open and in repair after they are built, we know not. We trust that has been examined with care and provided for. We believe these are entirely new roads, mainly through unsettled portions of the country.

We notice now another bill, H. B. No. 29, for the purchase of the "*Meacham" and other wagon roads.* Our reports do not mention how much this bill appropriates, nor are we informed how many roads are embraced in this bill. We cannot see the utility of the purchase of the *Meacham road.* This is a long road over the Blue Mountains, along which there are few if any settlers. No one to keep it in repair after it is purchased by the State. The road has been well conducted so far as we know, and we have heard no complaints as to the way in which it has been kept. A road that is well kept by private owners would better be left in the hands of those who can give their time to conducting and keeping it in repair, otherwise after it is purchased it will probably get out of order and become impassable.

Reasonable aid by the Legislature to permanent improvements is doubtless wise. The Portland, Dalles and Salt Lake Railroad has received consideration. This is a permanent improvement for Eastern Oregon that deserves encouragement, and the act passed for its aid is approved by the public. The State can better afford to give such enterprises any money it may be able to spare, than to make donations to a wagon road that will be in a worse condition after it is purchased than it is now.

Stamp Duties.

The act of Congress requiring stamps upon written instruments, has been repealed, except so far as it relates to checks, drafts and orders. That portion of the schedule of stamp duties, which provided for the stamping of checks, drafts, &c., was as follows:

> "Bank checks, drafts, or orders for the payment of any sum of money whatsoever, drawn upon any bank, banker, or trust company, or for any sum exceeding ten dollars, drawn upon any other person or persons, companies or corporations, at sight or on demand, two cents."

The repealing act of June 6, 1872, is the following:

> "That on and after the first day of October, 1872, all the taxes imposed by stamps under and by virtue of schedule B of Section 170 of the act approved June 30, 1864, and the several acts amendatory thereof, be, and the same are hereby repealed, excepting only the tax of two cents on bank checks, or orders."

A question recently arose whether the words "bank checks, drafts, or orders" as used in the repealing act were intended to include everything mentioned by those names in the original schedule, or only such as are drawn at sight or on demand upon banks, bankers and trust companies. The Commissioner of Internal Revenue has decided that the latter construction is the correct one, and that no stamp is required except upon checks, drafts, or orders, drawn upon a bank, banker or trust company, and payable at sight or on demand.

No stamp is required on foreign bills of exchange, whether drawn at sight or otherwise.

The Band Still Playing.

The following dispatch received last night from Hon. L. P. Beach, of Olympia, shows the feeling in that section in regard to the Hon. S. Garfielde:

> OLYMPIA, October 18, 1872.
>
> Garfielde was met several miles from Olympia with a band of music and a large procession carrying flags and mottoes. Cannon was fired and a grand time generally. It was the largest political demonstration ever made in Olympia, and the band is still playing.

Our dispatches this morning announce the appointment of H. G. Struve, Esq., as Secretary of Washington Territory. Mr. Struve is editor of the Puget Sound *Courier*, and is a gentleman of acknowledged ability.

More Evidence.

The editor of the *Bulletin* has become so excited over the discovery and exposition of his treachery to the Republican party, that he can scarcely write intelligibly upon this or any other subject. His editorials are sheer froth and raving, without even a respectable affectation of decency. We did not expect him to preserve his equilibrium. We were prepared for any amount of wriggling and squirming, for

> "Where the pincers tear the flesh will quiver;
> Where the knife is drawn the blood will follow."

But we had not expected to see him froth and foam like a madman. He is even a weaker man than we supposed.

But there is still further evidence of his purpose to disorganize and disrupt the Republican party. Having joined with the Greeley organs, in the publication of slanders against General Grant, he continues also his attacks on prominent Republicans of this State. Here is his language in regard to those Republicans in the Legislature, who support the Lock bill that has just passed the House:

> But while they *profess* these purposes as their guide of action, their conduct and their remarks in the discussion of the Bill very conclusively prove their professions to be false, and that their main and the *real consideration is to rob the State in order to enrich the Lock Company!*

And here is another specimen:

> Speaker Mallory expresses only the will and disposition of the Democratic Ring who were at the same polls completely overcome and routed.

And this:

> How would it do for the Legislature to call upon the State Treasurer for information as to the probable amount of money that will be in the Treasury or at the disposition of the State at any time within the next two years? Then to make known the result to Jo Teal and Mr. Bernard Goldsmith, who would therefore have a bill drafted to provide for the immediate issuance of bonds to insure to them the payment, without any consideration whatever, of the said probable amount the instant it shall be paid into the Treasury? Representative Simpson will no doubt beg to be allowed the distinguished honor of introducing the bill. Speaker Mallory may not go for it at first, but then he can be *prevailed* upon to champion it; and we think Mr. Goldsmith and Mr. Teal need have no fears whatever but what it will go through the House.

To be followed by this:

> Why should gamblers, who are not Representatives under pledges to Republican constituents—win people's money when there is hardly money enough in the whole State to satisfy the demands of Jo Teal and his ring of Democrats whom the *Toates* must provide for? And then such absurd games as faro and roulette and chuck-luck; poker and brag; three card monte and the coffee pot dice; muggins poker; bar room pitch, round the table auction, and that sort of cheap whisky games. Away with them all! Abolish them, and with them any who play at them! The "Big Lock" game is the best game after all—there are fortunes in it; and it and Legislative "Sell Out"—if one happens to be bound by a pledge not to do anything of the kind—are sure cards to win "a pocket full of money." Legislators are a privileged class—why not privileged players at games that the outsiders cannot take a hand in? As with the peanuts the boy in John Wilson's circus sells—in every nut there is a prize,—so with the Lock game, every player can *draw to fill.* And if between the owners of the game—Teal and Company,—and the players *on the inside,* all the money in the State is gobbled, why need the professional gamblers go on with their games, when there will be no money left for them to win?

All these are from a single issue of the *Daily Bulletin.* We do not quote these morsels to exhibit the shocking scurrility of the *Bulletin*, but in order that Republicans may not be deceived by its professions of fealty to the Republican party. A Republican Speaker of the House of Representatives and eleven other Republican members, including some of the most prominent men in the State, are thus advertised as men who are selling their official acts for gold. That a Republican who is guilty of corruption should be as promptly exposed and condemned as a Democrat in like situation we heartily endorse; but it is not the part of a true Republican to become not only a swift-witness, but a false witness, against the men whom the party honors with its high places. The *Bulletin* is to-day the most effectual Greeley organ in the State of Oregon. It could not render half so efficient service inside the Greeley fold as by pretending to be desirous of the success of the Republican cause, and still laboring to compass its defeat. It was the friend of the Republican party, so long as the course of that party tended to promote the private objects for which the *Bulletin* was started and for which it has been and is conducted. But so soon as it became reasonably certain that the party could not be run in that private interest, the *Bulletin* began to develop that opposition to the Republican party which its present course so plainly indicates.

We have not willingly accepted the conclusions which the *Bulletin's* course forces upon us. Indeed we would the facts were otherwise; but since they are as they are, Republicans ought to understand them.

The New York papers are publishing statements of immigrants who come over as steerage passengers on the steamers from Europe, showing gross mistreatment received by them on the voyage. They say they have been allowed barely enough of food to keep life in them, and that of the worst quality. These complaints have become so frequent as to elicit considerable attention in New York, and have already caused the agents of some of the steamship lines to come out with explanations. If half that the steerage passengers tell is true, there ought to be such legislation upon the subject as would teach those ship-owners to pay some regard to the dictates of humanity, from self-interest, if they refuse to do so from principle.

General Thomas Jordan—the Captain Jordan of old Fort Dalles—who served against his country in the Confederate army, and afterwards became "Captain-General of Cuba" and leader of the revolutionists of that island, turns up at Washington as the fitter up of another Cuban expedition.

The removal of Thomas A. Dudley, U. S. Consul at Liverpool, which is announced in the dispatches of last night, is attributed to actual or supposed peculation. It is alleged that he has overcharged for the performance of his official duties, to the aggregate amount of $55,000.

A SHALLOW DODGE.—The *Bulletin,* which we borrow regularly, is now engaged in trying to read the OREGONIAN out of the Republican party. To show the dodges to which its editor, feeble in intellect, voluble in words and absolutely wanting in principle, is compelled to resort in order to draw attention from his well known secession record, this cheap specimen of shallow pomposity thus goes for Mr. Hill:

> In our biography by the editor of the OREGONIAN we find this:
>
> He then became the conductor successively of a number of secession journals.
>
> Yes, and to every "secession journal" we published we had the father and uncle of the OREGONIAN editor as subscribers and believers. They and we stood on common ground in political belief, and when the editor of the OREGONIAN throws a shovel full of dirt at us on that score he but casts much of it on his own blood.

That's equal to Bud Thompson when he cries at us, "I can't whip you, but I can make mouths at your sister!"—*New Northwest.*

Mr. J. M. Rice, of Tumwater, W. T., has a little spare coin, which he is willing to risk on the election of Mr. Garfielde, but the Greeleyites seem indisposed to take such desperate chances.

LETTER FROM CLARKE COUNTY, W. T.

VANCOUVER, W. T., Oct. 17, 1872.

TO THE EDITOR OF THE OREGONIAN:

A correspondent of the *Herald*, who signs himself "G. H.," writing from Vancouver under recent date, seeks to throw discredit upon an item lately published in the OREGONIAN charging Judge McFadden with responsibility in defeating the bill removing the Territorial Capital from Olympia to Vancouver. The writer has the unblushing impudence to assert that Judge McFadden was not in Olympia during the pendency of said bill, and tries to shift the whole responsibility of its defeat upon the shoulders of Mr. Lewis Van Vleet, another prominent Democrat, who was a member of the Clarke county delegation at the time. No doubt if things were reversed, and Mr. Van Vleet was up for office, instead of Judge McFadden, the latter would have to bear the brunt of the damaging charge. That "McFadden was not in Olympia during the pendency of the bill," is sufficiently answered by stating that Sanders' Bottom, the Chappaqua of Washington Territory, and the home of the Liberal candidate for delegate, is within a few hours' ride of the Capital, and to suppose it possible for him to have absented himself during a whole session of the Legislature, would be to suppose an utter absurdity. The fact is, after exerting himself to the utmost in the lobby and failing to defeat the righteous measure, he tendered his legal services to oppose the issuance of a writ of mandamus compelling the removal of the archives of the Territory from Olympia to Vancouver. In marked contrast to McFadden's conduct on this occasion was the course of Mr. Garfielde, who came forward as the champion of Clarke county and volunteered his services as a lawyer to defend her rights. Does "G. H." desire to continue the discussion? Perhaps he would like to know who euchered Vancouver out of the Territorial Penitentiary? We are in a communicative mood now, so speak quick.

MINOR MATTERS.

The Democrats begin to realize already that they got an elephant on their hands when they bought the *Register*. As for Republicans, they do not take the loss so much to heart as their Democratic friends had hoped they would. We doubt very much whether three votes will be made by the investment. We think we know of two that were made.

Hon. S. W. Brown and Dr. J. W. Turner will address the citizens of Lewis river at Shubert's, Mecker's and Bartlett's, on Monday, Tuesday and Wednesday of next week, in behalf of the Republican ticket. They offer to divide time with any one who wishes to reply.

Owing to the absence of the Chairman of the County Central Committee, action in regard to filling the vacancy for the lower Council District, which was to be had on Wednesday, was deferred to Saturday, when final action will positively be had.

We have, from authentic sources, most gratifying assurances of increasing enthusiasm for Garfielde throughout the western portion of the Territory. His speeches, together with the Waterloo defeat of the Dolly Vardens in Pennsylvania, Ohio, etc., have so completely demoralized the party in the Territory that they express utter carelessness of the result on the 5th of November. Judge McFadden and Judge Reed are to tell us what they know about Garfielde on Saturday, the 19th inst.

Mr. Garfielde spoke at Cowlitz Prairie on Thursday, and will speak at Olympia on Saturday, the 19th.

SATURDAY MORNING, OCTOBER 19, 1872

CITY.

LEAVES US.—After a residence of over fourteen months in this city Dr. E. S Aborn took his departure from Oregon on the steamer *Oriflamme*. During his protracted sojourn here Dr Aborn has effected many marvelous cures, and relieved hundreds, we might say, who have been afflicted for years with obstinate chronic disorders. Evidences of his great scientific skill in the treatment of intricate diseases of the organs of sight and hearing can be found in all portions of the State, in the certified statements of those who have received lasting benefits from his efforts in their behalf. In the course of his practice in this State and Washington Territory the most flattering success has attended him The many persons who have received treatment at his hands and through his skill found relief from the numerous ills incident to flesh, the peculiarities of which he has made a special study for years, will have abundant reason to long remember the kind services of Dr Aborn. He leaves the State with the intention of permanently locating in San Francisco, and carries with him the best wishes of his friends for his success.

CHAMPION KICKER.—The present chaotic condition of the foot of Stark street affords daily sensations in the way of balky teams, etc. Yesterday afternoon, in addition to the usual number of balks, we were furnished a first class kicking team. A farmer while driving a span of small Cayuse horses attached to a heavily loaded wagon up the steep and muddy ascent, stopped his team when about half the distance between the landing and Front street to let his cobs blow. When the team suddenly started, one of the horses stepped over the tongue and across its own trace The animal fairly made things rattle for a time in accordance to the true Cayuse instinct. After kicking itself nearly free from the wagon, stripping off most of the harness, the refractory animal was at length induced to keep its heels down and stand long enough to enable the driver to partially repair damages, and hitch up again. The incident attracted considerable attention and drew a large crowd of spectators.

ON THE WAR TRAIL.—H. Sinclair and George Maxwell were arrested Thursday afternoon on the charge of being disorderly and applying vile and obscene language towards a certain restaurant keeper on First street. Both gave bonds for their appearance and were allowed to go in peace. But the twain did not seem to want peace, for in a few hours they managed to pick up a quarrel with two men in a "dive" up town. This little game wasn't a success, inasmuch as both Maxwell and Sinclair were placed *hors du combat* on the first round. They were again arrested and lodged in jail. Yesterday they appeared on the "anxious seat" with a couple of highly ornamented frontispieces. The court after a hearing of the case fined the defendants $20 and costs, or gave them the choice of ten days in the city jail. Not having the "wherewith" to liquidate they made a virtue of necessity and wisely chose the latter alternative.

SAILED.—The steamer *Oriflamme* sailed last evening for San Francisco, with the following passengers: Wm L Halsey, wife and servant, Miss Muford, H B White, Daniel Toshuner, T A Turner and wife, S Roberts and wife, Mrs Baker, N Raymond and wife, Miss Rochey, M W Pechheimer, J S Rosenbaum, C S Silvers, Martin Goodisch, John Morgan, Geo J Buxton, Mrs Mills, A E Tryon and wife, A W Greeley, U S A, W P Burrage, J N Hodges, N L Hastings, W N Koch, Wm Onstott and wife, Mr Anhony, Mr Reed, wife and mother, Rev E Gerry and wife, Mrs Primes, Mrs C W Crocker, Mrs Dr Phelps, M Sims, M Barnett, W C Hyland, F Vile, A Teiges, Jr, T L Husren, W E Ludlow, Dr E S Aborn, H L Hutchinson, J B Spaulding, Francis Caraher, Frank Reynolds, Otto Walter and wife, Mrs M A Denny, Mr Quirk and wife, Samuel Winans and wife, W F & Co's messenger, and seventy five in steerage.

A REFORMATORY SCHOOL.—The Salem *Statesman* of yesterday says: Dr. A. L. Lindsley, pastor of the Presbyterian Church at Portland, was in the city yesterday laboring as usual in a philanthropic measure. He arrived in the city Wednesday morning, secured the introduction and passage through the House of a bill incorporating a Reform School in Multnomah county, the same afternoon. It was introduced in the Senate yesterday morning and by a unanimous vote the rules were suspended, the bill read the first, second and third times and passed without a dissenting vote, and for all we know it has already received the signature of His Excellency, Governor Grover. Dr. Lindsley deserves credit for his prompt attention to this matter, and Multnomah county may thank him for the success of the bill.

STONE BLOW.—Boys who, contrary to parental advice, indulge in the dangerous pastime of flinging stones at each other, some times have serious consequences to answer for. A couple of lads in the upper portion of the city were amusing themselves the other day by throwing rocks at one another. A stone from the hand of one little fellow struck his companion in the mouth, knocking out several teeth and severely cutting his lips. The boy who was hurt has concluded to let out the contract of throwing rock as a source of pleasure.

QUARREL TAKEN UP.—Two small lads whose parents reside in the southern portion of the city, became engaged a few days ago, in a boyish quarrel. One of the boys got the worst of the battle, when the mother whose son was vanquished, took up the quarrel and gave the victorious youth a sound thrashing on her own hook. In the struggle she severely scratched the little fellow's face, and nearly dislocated his shoulder. No complaint or arrest has been made as last heard from.

IMPRISONED—BOUND OVER.—A Chinaman named Charley was arrigned before Judge Denny yesterday morning, charged with the larceny of $25, and also $175. The case was tried, resulting in the court sentencing the defendant to two months' imprisonment in the county jail for the first offence, and holding him to appear before the grand jury in the sum of $500 for the last.

STORE ENTERED.—The store of E. N. Goodell, a merchant of Forest Grove, was entered on Thursday night by burglars. The thieves effected an entrance through the back window. The money drawer was taken out and left in the back yard, minus the "small change," which amounted to about $25 in coin. Some other articles were also missed.

"DEVIL DRIVING"—The annual "devil driving" ceremonies of the Chinese will commence to morrow, and continue for eight days without interruption. At the termination of that period of abominable uproar the devil, we venture, will no doubt be sufficiently disgusted to give Chinatown a clear coast for the ensuing twelve months

TARGET EXCURSION.—The Emmet Guard have concluded to hold their annual target excursion on the 23d inst. The place has not been determined upon. The occasion, as usual, will conclude with a grand ball to be given on the evening of the same day at the Armory A pleasant time can with every assurance be anticipated

INVITED.—Messrs. Ankeny & Watson have recently tendered an invitation to the Mayor and members of the Common Council to pay a visit to the Central Market. The invitation has been accepted, and that body will avail itself of the courtesy extended and visit the Market to-day at 12 o'clock.

THROAT CUT.—A little son of Prof. McGibeny met with a severe accident yesterday. While driving about the city in a buggy, the boy was accidentally thrown out and a gash cut in the side of his neck, inflicting a painful but not dangerous wound.

LOADING.—The cargo of the *Loch Dee* is about completed. She has already received 900 long tons of wheat on board. This vessel will soon be towed down below St. Helens bar, and the remainder of the cargo received by means of lighters and steamers.

U. S. DISTRICT COURT.—The United States District Court will convene on next Thursday, to which time the filing of affidavits on the motion for a new trial in the case of the United States vs Frank Tompkins, et al, has been postponed

RATE OF TAXES.—The County Court have fixed the rate of taxation in Multnomah county for the present year at 17 mills on the dollar, including county, school, State and military tax. The rate as fixed last year was 16½ mills.

TO COME UP.—The bark *Siam* will probably complete discharging iron at Astoria to day. She will be towed to this port soon and receive a load of wheat for Liverpool.

"Hung black the heavens with darkness" last night, and nary a moon in it either.

Clothes line thieves are on the rampage. Take in the clean linen and disappoint them

An awning will soon be constructed on the north side of Ankeny's Central Market.

Clouds yesterday indicated rain, but it couldn't come, because the wind was opposed to it.

The Stark street ferry landing is an unfavorable locality to experiment with balky teams.

The Oregon Transfer Company's stable will be ready for occupancy by the first of next month.

The new boiler manufactory near the corner of D and First streets, will soon be in full operation.

The track along Fourth street, between the rails is being planked—a great accommodation to the public.

Stray chickens should seek the topmost twigs, as a precautionary measure against "hot shingles" these cool nights.

A "multitudinous sea" of filth and rubbish greets the vision along the river margin between Oak and Stark streets.

The old-fashioned high Spanish comb is about to resume its place in the ladies' hair—or at least in the hair they wear.

The city should be thoroughly scoured for thieves and disreputable characters, of which there are numbers now.

This time last year every man, woman and child were doing their best to collect money in aid of destitute Chicagoans.

Our undertakers should keep the following cheerful direction written on the office slate and posted on the door: "Gone for a dead man—back soon."

Hillsboro has yielded back our complement of thieves. She enjoyed a monopoly of these vultures of society for the short space of four days, and is satisfied to part with them.

Strange, but true!—that young gentlemen who publicly rail against matrimony are always so intensely interested in the cost of living and the market price of solitaire diamonds.

The national colors, under whose folds the Republican hosts propose to march to victory on the 5th of next month, still waves in beauty and triumph over the Headquarters on First street.

The City Council ordered claims against the city to be paid, at the last meeting, to the amount of $3,330 10. Ordinances were also passed appropriating the sum of $23,479 20 for various street improvements.

A San Francisco exchange complains that the asphaltum sidewalks are not successes in such hot weather as that which they have had to endure lately. They become soft enough to receive an impression from every heel that treads upon them. During the "heated term," Portland received her share of hot weather, but our asphaltum pavement did not give the least indication of softening.

COUNTY EXPENDITURES.

FROM THE CAPITAL.

[FROM OUR REGULAR CORRESPONDENT]

SALEM, Oct 18, 1872

The country is safe. Mr. Joseph Gast—Engle has filed his protest against the iniquity of H. B. No. 77. It is a remarkable document,—this protest. It serves to point a moral and might well adorn a queue. It shows how much an iron will allied to an unspotted conscience can accomplish. As a lesson to urchins who may despair of ever becoming great men, it is of priceless value Only an indomitable energy, supplemented by a mind skilled in the intricacies of dialectics could ever produce such a document as this We can readily believe that Mr. *Gast*—Engle was born of poor but honest parents, that he struggled through countless hardships to a bench in some district school, that he evinced unusual precocity at an early age, was always pointed out to admiring crowds as the good little boy "who never told a lie,"—yea, he may have rivalled the famous hatchet experience of his revered predecessor, and exemplar. Was Alderman of his native town, and only escaped worldwide notoriety by coming to the shores of the Occident. That a Commonwealth might be redeemed from the delusion of H. B. No 77, —that the torch of Constitutional Law which went out in utter darkness in the damp vaults of Marshfield, might be redeemed at the shrine of this intellect,—for all this and for much more the uplifted arm of Atropos has been stayed in its appointed task, and Mr. G , we mean E.——, was to-day in utter defiance of the dictum of Martial: "Disaster always waits on early wit." The first argument urged in the protest is that the Lock Bill is unconstitutional, because it proposes to incur a State debt, liability or obligation in excess of fifty thousand dollars, which the same is in violation of Sec. 7, Article 11, says Mr. G, , we mean E. , Secondly The Locks are not yet completed nor is it known when they will be. Hence, their actual value cannot be computed, and the State is paying the enormous sum of four hundred and eighty thousand dollars for works which may be of no practical use after all. Thirdly: The State is already in debt, and this enactment would make the people grunt fearfully under an oppressive taxation. But the fourth reason is most potent and convincing. It protests against the passage of this law as one which will in some manner interfere with, and endanger Republican majorities!

CAPTAIN BUNSBY

I believe, was an authority on all matters touching the sea. His graphic opinions condered his friend Captain Cuttle are preserved in almost every library. Mr. Bunsby, G——n, is an authority on all matters touching the Wallamet river. He has given us "an opinion as is an opinion," and I pause here to tender him, with reverential awe, the thanks of an outraged Commonwealth for the skillful manner in which he has concealed his auricular appendages under the skin of a Constitutional lion. Ah! If he had not brayed! And yet, notwithstanding this vigorous paper, the wheels of the Universe run on and on. The Wallamet's clear current moves lazily along as was its wont. Summer and winter, seed time and harvest will come and go, and tides *will roll* over the feet of this new Canute, despite that grave edict.

THE LOCK BILL

Will, in all probability, become a law. A majority of the people's representatives believe its provisions just and proper, and by their verdict we propose to stand. The argument adduced so often in the House, that its passage would insure the defeat of the Republican party at the next election, is simply nonsense. And when the *Bulletin* declares that the State will go for Greeley in the event of the approval of this bill, does it mean to intimate that the influence of a certain corporation will be withdrawn in angry spite?

THE SENATE

Yesterday was occupied in the discussion of the General Appropriation Bill. This debate was one of considerable interest, although I regret to say it was characterized by a degree of asperity unknown to the Senate for a long time. Considerate fillibustering on the question of adjournment followed. At last the Senate resolved to withdraw the Joint Resolution providing for adjournment on Saturday at 12 P. M., and sent a message to the House requesting its return. So the session will be prolonged for a few days.

THE SCHOOL LAW.

At last Oregon has a Common School Law of which she may well be proud. The bill has passed both Houses. For this valuable measure we are indebted largely to the untiring labors of Prof. Collier of Washington county, whose zeal in the cause of education has done more in these forty days, than all our former Legislatures could accomplish. Prof. Collier is seldom heard in the House, but when he does speak his words are not meaningless and he is heard with attention. Washington County may justly be proud of her scholarly representative.

THE EVENING SESSION

in the House was consumed in discussion of the Bill constituting P. Wasserman, C. H. Lewis and others a Board of Immigration. The Bill was strongly opposed by members who favored "strict economy." It was made a special order for 10 A. M, to-day. The House is hard at work, and will, it is to be hoped, redeem some of the time wasted in the early part the session. Its officers are very efficient. The Speaker complimented the Chief Clerk, S. A. Clarke, on yesterday, in remarking on a motion to dispense with reading of the Journal, that not a correction to the Journal had been offered since the first day of the session.

VERY little time remains for you to decide whether you are going to vote for Grant or Greeley. This, however, need not disturb your mind in the least, as you will certainly decide the moment you gaze upon that elegant stock of new fall and winter goods lately opened at Fl bel & Roberts', to have them take your measure for a suit. While there examine the latest styles in gents' furnishing goods Youths can be accommodated with neat fitting suits at this house

THE Locks Bill, Water Works Bill, Litigant Bill, Police Bill, and other bills, are attracting general attention throughout the State You can do no better than buy a bill of goods at J O'Neil & Co's Their fall and winter goods are open for inspection An excellent stock, indeed The prices are moderate. You can depend upon getting clothes to fit at this house Need anything more be said? No! The place is 93 First street

The old saying is, "What everybody says must be true," and everyone says that Beck & Waldman have the largest and best selected stock of the latest styles and patterns in gentlemen's Clothing and Furnishing Goods in the city of Portland They have the largest variety of Boy's, Youth's, and Children's Suits, all which will be sold according to the times. Our Bodily Infirmities.

Physical infirmities are the lot of all. Millions are always sick. No man, woman or child is uniformly in perfect health. Much, however, of the sickness and suffering which render life a burden to so many of our fellow-beings is due to carelessness and neglect A mighty antidote to the leading causes of disease has been provided. It is as harmless as it is efficient. No poisonous drug enters into its composition. It is an undefiled stimulant, tonic and aperient, of which every ingredient is vegetable. This unexceptionable preventive and restorative medicine is not, "a new thing under the sun," Hostetter's Stomach Bitters will soon have been before the world a quarter of a century, and it is not too much to aver that thousands, aye, tons of thousands, are now using it who would have been in their graves years ago, had they not been strengthened and sustained by this wholesome stimulant. The rapidity with which minor ailments often become, when neglected, obstinate diseases, is well known. This tonic is famous for the immediate check which it gives to these breeders of deadly disorders. The sensation of languor, the sick headache, the nervousness, the indisposition to exertion, the nausea, the confusion of brain, the physical debility, which are intended to premonish us of the approach of serious danger, are invariably removed by a few doses of the Bitters. The fame of the preparation as a genuine specific for dyspepsia, bilious complaints, malarious fevers, rheumatism and chronic debility, is as wide as the world; and in these days of infamous charlatanism; when fierce catharties, that rob the invalid of the last remnants of his strength, are advertised as invigorants, it is indeed a blessing to mankind that Hostetter's Stomach Bitters are everywhere procurable, and everywhere popular.

PLANTATION BITTERS!

S. T.—1860—X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

LYON'S KATHAIRON,

For Preserving and Beautifying the Human Hair. To Prevent its Falling Out and Turning Grey.

A well-preserved Head of Hair, in a person of middle age, at once bespeaks refinement, elegance, health and beauty. It may truly be called Woman's Crowning Glory while men are not insensible to its advantages and charms. Few things are more disgusting than thin, frizzly, harsh, untamed Hair, with head and coat covered with Dandruff. Visit a barber and you feel and look like a new man. This is what LYON'S KATHAIRON will do all the time The charm which lies in well placed Hair, Glossy Curls, Luxuriant Tresses, and a Clean Head, is noticeable and irresistible.

Sold by all Druggists and Country Stores.

Don't Talk if You've Nothing to Say.

It is well to be free in conversing—
It is well to be able to chat
With a friend on a subject of interest,
With a stranger on this thing or that
Don't aim to be cold or reticent,
But listen to reason, I pray
And remember this nicest of mottoes—
Don't talk when you've nothing to say

A gay lively friend or companion
With wits that are ready and quick,
Is better by far than a stupid
And a conversational stick
Yet speech at best is but silver
While silence is golden always
And remember at all times and places—
Don't talk when you've nothing to say "

I like to see well informed people,
Who know what to say, how and when;
And a little good nonsense and jesting
Is not out of the place now and then.
But I dread the approach of a magpie
Who chatters from grave themes to gay,
Who talks from the morn till the midnight,
And always with nothing to say

OREGON

Rev E Gerry and family, of Oregon City, are going back to their old home in Vermont.

A straw shed belonging to Mr Horning, near Corvallis was burned last week. Loss $300

Judge Locke of Benton county, whose injuries were mentioned a few days ago, has since died

Hon. J. H. Mitchell of Portland will address the citizens of Linn county, at Albany, to day

Two Linn county men are trapping for beaver on the Calapoola, about eight miles from Albany, with success.

The firemen of Corvallis had to call on Joe Webber of Albany, and an old Portland fireman to put their big engine in running order

Somebody ought to put up a flouring mill at Yaquina, as the denizens of that section eat $18,000 worth of flour per annum, and there is no mill there.

William Nixon, of Yaquina, has a half interest in a six months' baby, which weighs 96 pounds, and has a head as big as the editor of the Benton *Democrat*.

The Albany Fire Department has received 400 feet of carbolized rubber hose, which is said to be much superior to the common leather hose generally used.

A Corvallis paper says "Owing to the long dry season, the grass in this vicinity has become very poor, cattle are faring badly, and butter is exceedingly scarce in this market "

Mr. L Leland, of Clackamas county, Grand Temperance Lecturer, is traveling in Southern Oregon trying to induce the natives in that region to abstain from the use of intoxicating liquors.

John Johnson, of North Yamhill, killed a large bear, recently, in the vicinity of O H Adams & Co 's sawmill The animal wouldn't tree worth a cent, but fought the dogs half an hour before being killed

A carriage in which were riding Mr. Fuller and wife was struck by a passing train on the railroad track at Oregon City on last Monday. The occupants of the buggy were thrown out and badly frightened but not much hurt.

The Albany *Register* says "An attempt was made to throw the Paymaster's train off the track, on the O. & C. Railroad, on Tuesday. An oak rail had been thrown across the track on the trestle-work just this side of Oak Creek, but fortunately the train was heavy enough to cut the timber in two, causing considerable jar, but doing no damage "

The section of the Coos Bay Wagon Road, from Isthmus Slough to the twenty fourth mile post, has been completed and the map of the same has been approved and filed in the Executive Office. A copy has been forwarded to the Secretary of the Interior, preparatory to the withdrawal of the swamp lands. This section completes the Coos Bay Wagon Road.

The *Register* says: The freight on wheat per bushel, on the O. & C. Railroad, from Albany to Portland, seventy-five miles, is within a fraction of 14 cents. On same road, the charge from Tangent to Albany has been $10 per car load—lately the charge has been $12,—the distance, eight miles. It now costs shippers, on each bushel of wheat sent to San Francisco without insurance, about forty cents.

THE TERRITORIES.

George I. Buxton, Esq., of the General Land Office in Washington, D. C., is paying a flying visit to the Sound.

Mr. Graves, in Olympia, has produced three vegetable crops from his ground this year. They were two crops of cabbages and a crop of potatoes.

Last week on Thursday, in making an extra trip to the Snohomish river from Olympia, the steamer *Zephyr* ran foul of a snag, and had a hole knocked in her bottom.

There is great complaint at Owyhee of the scarcity of miners in camp at present, and at least 75 or 100 more good miners could get immediate and steady employment.

The Arizona *Miner* declares that with $1,000 men mounted on good horses, well armed and equipped, within a year every Apache would be reserved or go on a reservation.

On Raft River, Idaho, there are five settlers with about 6,000 head of cattle. This is the disputed territory thought to be in Owyhee county They paid their taxes this year into Oneida county. The Raft River region is a splendid stock range, both for summer and winter

The safe extracted from Cronen's store at Warren's, I. T., a few days ago, was found last Saturday in a ditch in the rear of town, broken open and the gold dust and coin removed but all the papers, county warrants and a sum of greenbacks and gold notes remained untouched. Suspicion rests upon Chinamen.

It is reported that the Indians have notified the settlers to leave the Cow Creek Lakes We have not yet been able to obtain any reliable information in relation to the report, but will endeavor to ascertain the truth of the matter in time for our next issue Whatever the difficulty may be, we do not believe the Indians intend to take the war path

Mr Garfielde addressed a large and enthusiastic meeting at Grand Mound Prairie, on last Tuesday A gentleman who heard him says he made one of the ablest efforts he ever listened to His vindication of his Congressional record was complete and overwhelming. The Democracy have no man in the Territory who can meet Mr Garfielde on the stump and come off with a whole hide.

The Olympia *Courier* of the 16th, says "About thirty passengers went out by Coggan's stage and other conveyances for Hodgden's this morning. Coggan's large coach was full and six passengers on top. Travel is increasing, showing the growing importance of the Territory and of Olympia. The regular fare from Olympia to the railroad station was $2, but Coggan has put it down to $1 50.

The Republicans of Stevens county, W T, have nominated a good ticket as follows Joint Councilman, J. C. Smith, Representative, T. J Favorite, Probate Judge, Geo McCray County Commissioners, Henry Wellington John Wells, L W Meyers, Sheriff Henry E Young, Treasurer, Joseph Lafray, Superintendent of Schools, Moses Dupries; Auditor, Daniel Brady, Coroner John R. Kinsley.

The Seattle *Intelligencer* of the 14th says "Messrs Stronach and Wilson returned to this Territory last week from their newly discovered silver lead The former stopped at Port Ludlow and the latter came to this city From him we learn that the ledge discovered promises well, the cropping assaying $60 to the ton. They brought down 200 pounds for assay, obtained some thirty feet from the surface, which will assay from $400 to $500 to the ton It is their intention to return to Kootenay next spring "

The Idaho *Signal* has the following mining news "We learn from Frank Points, just in from the new mines on the Palouse, that Points & Co. have completed a short ditch which covers the lower end of Hoodoo Gulch The prospect is good for $20 per day to the hand They are all making preparations for winter and spring work. They will cut a ditch in the spring to cover the entire washed range of gravel, which they think will pay from $8 to $15 per day to the hand to pipe The ground has paid about $8 per day to rock in Hoodoo gulch, and Points is confident they can make from $20 to $50 per day in the spring with a pipe Messrs Points and McCabe are in town to purchase winter supplies for the camp "

Average California Wheat in Liverpool to-day 13s 0d

Club Wheat 14s

The week draws toward a close without any apparent material abatement in the tightness which prevailed at the beginning There is no denying the fact that the amount of funds on hand are barely sufficient to move the grain crop and conduct the legitimate business of the country A great many reasons are assigned for this scarcity, among which are the excess of exports and the small coinage, the usury law of our State, and the high rates of transportation which have prevented a general moving of the surplus grain crop One thing is certain that a careful husbandry of our resources is highly necessary in order to meet the present exigency and come out of the close times which now prevail with an unhampered trade.

The San Francisco *Bulletin* says:

Our chief source of coin supply is the Mint If we compare what has been coined at that institution during the first nine months of the year with the exports, we have the following result

	Coined	Exported
1871	$15 450 775	$2 655 000
1872	11,524,000	7 0.9 000
	$3 926 775	$4 344 000

It will be seen by the above that we have not only coined $4 000 000 less than last year, but have exported $4 344 000 more than in 1871 We are therefore relatively $8 000,000 worse off than at this time last year in the matter of coin supply

Our Wheat market continues rather dull, though the receipts are coming forward freely A commercial writer at New York says the Wheat market has been depressed throughout, and prices have declined about two cents, mainly on inferior and ordinary qualities Spring The depression has resulted from a combination of adverse influences—the Monetary stringency, the demoralized condition of the exchange market, and the continued high rates of freights, which have restricted the export trade within narrow limits The milling demand has also been restricted by the depression of the Flour market The crop in Great Britain is short, but taking the great Wheat-producing countries through, the aggregate supply is claimed by the leading authorities to be an average, and if this be the case, steam and the telegraph will assuredly prevent extreme prices It should also be borne in mind that the Corn crop in this country is altogether beyond parallel, as regards quantity and quality, and this cereal is selling so cheap that it will to a considerable extent, supply the place of Wheat as an article of food among the poorer classes, both in the United States and in Europe

The San Francisco *Bulletin* of the 12th inst., gives the movement in Wheat for week ending on that date, from which we learn that the receipts were 315,058 centals, and the exports 82 074 centals

The stock of Grain stored in Chicago on the 1st inst., embraces 970,000 bushels Wheat, 3,053 000 bushels Corn 876,003 bushels Oats, 593 000 bushels Barley, and 140,000 bushels Rye The quantity of Wheat is 480 000 bushels less than for the same time last year The quantity of Corn there is a third larger than it was a year ago, while there is also an increase of 160,000 bushels Barley The stock of Oats is 50 per cent less than last year while the amount of Rye shows a decrease of 400,000 bushels On the 1st instant, Detroit had 260 000 bushels Wheat 31,000 bushels Corn and the equivalent of 31,000 bushels of Barley, Oats and Rye

The flour supply is good, and considerable shipments are being made, the out going steamer for San Francisco this evening will take a large quantity The *Bulletin* of San Francisco says The Pacific Mail Company charge $9 ℔ ton for carrying flour from San Francisco to Hong kong. Another instance of killing the goose that lays the golden egg. They might as well charge $20 as $9, for one rate just as effectually stops the trade as the other The Chinese have been in the habit of taking considerable superfine flour, which they were enabled to transport at reasonable rates by sail. The steamers have run off sail vessels, and our only hope is an opposition line of steamers The sooner we have such a line the better

The press of the coast has mooted the question of misquotations of rates for Wheat in Liverpool until the agent, Mr Simonton, has been compelled to pay some attention to the subject. The following was received this evening

New York, Oct 18 —Though our quotations of California average Wheat at Liverpool have been accurate, as there seems to be a demand in California for Club Wheat quotations also, we propose to give both hereafter during shipping season J. W. SIMONTON,
General Agent Associated Press.

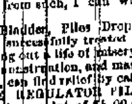
TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,



623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco Established in 1854 for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc Skin Diseases (of years standing) and Ulcerated Legs successfully treated

DR GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals of Europe, and has resumed practice at his Dispensary, 623 Kearny street, corner of Commercial, San Francisco, where his old patients and those requiring his services may find him

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering

Horrible Diseases.

How many thousands of persons, both male and female are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate case, without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz Sallow countenance dark spots under the eyes, pain in the head ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers a dislike to form new acquaintances disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the faces, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure Dr. G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of the complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions. By inclosing Ten Dollars coin, in registered letter through the Postoffice or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union

All communications strictly confidential.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn-to certificates, dupe the unwary some of the self styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen and became too lazy to work at their trades Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. The only way to avoid imposition is to make inquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patients' letters, etc. Dr Gibbon will satisfy persons who may call at his offices of his ability to treat diseases that he proposes to cure.

Address DR J F. GIBBON, 623 Kearney street, corner Commercial, San Francisco, Post Office Box 1 957.

REMEMBER TO PUT BOX 1,957 ON THE LETTER.

Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*
